Sporting Clay Course

Sporting Clay shooters need to be aware of some upcoming dates that will affect your shooting:

June 26 & 27: The State Shoot at Kent League. They will be using several of our machines for this shoot and we will have a reduced course at Seaway from June 20 – July 1.

July 31 – August 1: The Great Lakes Championship.

Volunteers Needed

At least 25 volunteers are needed to help out during the Great Lakes Championship shoot. We are asking everyone who is available for either or both days to sign up in the clubhouse as soon as possible so we can begin to organize and schedule. Please sign up even if you have already volunteered verbally to one of the event organizers.

Seeking Sponsors

We are still in need of sponsors to help fund the Great Lakes Championship and make it a success. If you know of a company who may like to sponsor this event, please contact Mike Dykstra.

Thank You Members!

John Hughes has donated Pop & Water, John Barnhardt cleaned up trash on the sporting clay course, Pete Zuidema has been picking up birds, and Bob and Rita Morris have been maintaining the lawn.

Mike Ohrling has freshened up the clubhouse meeting room with a much needed coat of paint and Kay Ohrling sent curtains for the windows. Tom & Tressa Bell were working outside, painting the 5-stand and trap house. Everything looks great!

Bob Kramer's efforts have been instrumental in raising shoot sponsors

Nina Stokes made cakes for luncheons and Jimmy & Myrna Bronson have been feeding the members.

Schillaci Shoot July 24 & 25

Annual Meeting:

The Annual meeting was held on Wednesday, May 12. We voted to fill board positions which expired this year.

New for 2010:

Vice President: Roy Burch

Secretary: Patti Laird

Trustees: Rob Huch & Brian Laird

The following positions remain from 2009:

President: Mike Dykstra

Treasurer: Mike Allen

Trustees: David Bernd and Pat West

Absentee ballots will continue to be accepted in future votes, however, they will need to be turned in by the voter at the clubhouse.

Lead Harvesting

Lead Recovery Systems, who did our lead harvest last year, has taken on a large project and will not be available in 2010. However, another company just finished a job at Sparta slightly ahead of schedule and is attempting to fit in some quick harvesting before their next appointment. Their success will again depend on weather.

Please refrain from personal lead gathering. It can't take place because of liability issues.
